## Lifeline 2025 At A Glance

As of December 2025, GLC has secured over \$374,000 in funding from generous contributors, grantors, and community partners. Major investments include a \$328,000 State of Ohio Strategic Community Investment Grant supporting critical restoration efforts, a \$20,000 Cleveland Foundation Black Futures Fund grant to advance strategic growth, and additional funding from Business Volunteers Unlimited, Lifeline, and individual donors. These dollars are already fueling infrastructure improvements, organizational capacity building, and program expansion.

Every dollar raised is a direct investment in revitalizing a community landmark and delivering life-changing programs to families who need it most. With continued support, GLC will expand its reach, strengthen its programs, and deepen its impact across Cleveland.
